Drivers must have a functioning RACEceiver and respond to communications.

Find a RACEceiver here <https://raceceiver.com/products/classic-fusion-plus> or on [amazon](#).

RACEceivers can also be found at [Day Motorsports](#) in Tyler.

PAY ATTENTION TO CAUTION LIGHTS & FLAGS!!!

YELLOW LIGHT/FLAG Means we have a wreck or dangerous situation on the track, all racers in that section must slow down & not gain any advantage or any position until you have passed the accident that caused the light.

RED LIGHT/FLAG Means the race needs to come to a stop, we may have a medical or dangerous situation on the track that we need to take care of immediately. All racers will need to return to PIT LANE.

BLACK FLAG Means you are disqualified. You need to pull off the track.

WHITE FLAG Means ONE LAP TO GO!

CHECKERED FLAG Means race is over for everyone.

In case of an accident, pace car may be sent out, Racers must follow the pace car in a single line file. You are not allowed to pass the pace car nor any of your competitors during pace car lap. Once pace car exits the track & the **GREEN** flag is thrown, you can then resume the race. All Rolling Starts.

TRANSPONDERS

Each car needs to be equipped with 1 working Transponder. Transponders will be available at the track & RENTAL is included in your online race registration. Transponder holder clips & pouches will have to be purchased at the track if you don't have one already. Clips \$15 – pouches \$30. You will need a clip or pouch to mount our transponder onto your vehicles.

TRANSPONDERS must be returned UNDAMAGED to race registration once you are done racing. Failure in returning your transponder will result in an Automatic charge of \$150 for a LOST/DAMAGED transponder. Try to keep the Transponder clean and free of mud during the race & Make sure it is attached to the car properly to avoid loss or damage of the transponder.
